STUDENT'S TRAINING PROGRAMME

GREY MATTER EDUCATIONAL SOLUTIONS

Established in **2017**, **GREY MATTER** is a dynamic and emerging company dedicated to providing top-notch services in competitive tests, farm trips, management education, overseas education, and training programs. Our company is managed by a team of professionals with extensive experience in the fields of education and training. Over the years, we have proudly conducted spell bee tests for more than 25,000 students across Tamil Nadu and Andhra Pradesh, organized farm trips for over 95,000 students, and facilitated training programs for more than 5,000 school students. At GREY MATTER, we are committed to implementing modern methodologies of learning, ensuring that our sessions in schools across Tamil Nadu are both innovative and impactful.

At GREY MATTER, we enhance education through a variety of programs. Our spell bee competitions have improved the vocabulary and spelling skills of over 25,000 students. We offer comprehensive guidance for students pursuing MBBS studies abroad and have successfully supported many in their journey. Our talent exams identify and nurture academic strengths, benefiting over 5,000 school students. Additionally, our field trips provide hands-on learning experiences, enriching the education of more than 95,000 students.

We would like to recommend the following Program for the Teachers and Students of your esteemed Group of Schools.

Our Philosophy

Training Program for the Students

1. A STEP in the Right DIRECTION-Future Readiness

It is important for Student to understand the challenges that will face in future and

- be able to identify their needs
- take on responsibility for their learning
- become proficient in understanding their strengths, interests and preferences
- understand the requirements that they must meet in order to be successful

GREY MATTER EDUCATIONAL SOLUTIONS has designed and developed the program, the purpose of which is to equip students with the skills and attitude required to be successful in future

ESSENTIAL -INGREDIENT FOR FUTRE READINESS

Communication Skills

Communication skills are an essential requirement for anyone in a workplace environment. Being able to articulate ideas and communicate information and instructions in a clear, concise manner is a skill which is sure to be appreciated by colleagues and associates at all levels.

Work Ethic

The work ethics training program for students promotes teamwork by instilling trust in fellow students. In turn, students are more likely to become open to working together when they appreciate and respect one another. Work ethics include the concept of shared commitment to a purpose.

Interpersonal skills

Creating an atmosphere of openness with clear lines of communication is a key factor in students' career success. Students with good interpersonal skills are able to deal with difficult issues straightforwardly, listen well, share information fully, and stay receptive to bad news as well as good.

Teamwork

Teamwork and a positive attitude are what all employers need and value. If students can demonstrate to the employer that they have the attitude and skills to make a positive impact, they have a great chance of securing a job and adding value to their employer from Day One.

Time Management

Effective time management is a skill most students need to make the most out of their personal life and the professional life they are entering into. Thus, to a college student, time management can make the difference between a mediocre and a superior performance.

Problem-solving/critical thinking

Although some students may be naturally inquisitive, they require training to become systematically analytical, fair, and open-minded in their pursuit of solving problems. With these skills, students can become confident in their reasoning and apply their critical thinking ability to any content area or discipline.

Adaptability/flexibility

Students who are flexible and adaptable react well to changes in their environments - Deals with their ability to manage multiple assignments and tasks, set priorities, and adapting to changing conditions and work assignments. They have a positive can-do attitude about anything that gets thrown their way.

Skill Up – A Journey To Understanding Oneself

Create Your Own Personal Identity	• Know your passion
